PRESS RELEASE

FOR IMMEDIATE RELEASE

ABCREATIVE OFFERS CEDAR FOREST PRODUCTS

De Soto, KS. January, 2017. ABCreative is excited to announce the addition of a new product line, Cedar Forest Products.

For over 50 years, Cedar Forest Products has been designing and creating shelters for public and private parks, camps and recreation facilities. From pre-fabricated and engineered park pavilions, gazebos, bridges, and kiosks to all cedar restrooms, cabins, lodges, homes and nature centers.

Cedar Forest Products has produced and shipped thousands of cedar building packages for residential, municipal, camp and recreational use.

“We are proud to offer a product whose quality and features enhance the current shade and shelter offerings of ABCreative,” said owner Karen Herren.

Designed to Last Naturally and Beautifully

Cedar Forest Products specializes in delivering complete building packages, planning assistance and detailed engineering.

All Cedar Forest Product buildings are pre-cut and wall components are pre-assembled to assure a perfect fit. Next, they are dismantled, coded and delivered to the construction site along with all necessary components and complete installation instruction.

“Every building we produce is planned to the purchaser’s specifications and requirements, right down to the location of electrical outlets,” said Cedar Forest owner Ben LaBarge. “Our experience enables our customers to have the very best cedar building packages.”

###

About ABCreative

ABCreative has been helping their customers create the perfect park and playground since 1993 by offering a full line of play equipment, shelters, shade systems, safety surfacing and site amenities. Having completed projects of all sizes, the company offers high quality products that are easily maintained and long lasting.
