PRESS RELEASE
FOR IMMEDIATE RELEASE

ANKENY MARKET & PAVILION USES ICON SHELTERS

De Soto, KS. May 5, 2017. Working with Shive Hattery and the City of Ankeny Parks Department, ABCreative provided ICON shelters for the area’s revitalization efforts at the Ankeny Market & Pavilion.

The Ankeny Market & Pavilion (AMP) is home to the Ankeny Uptown Farmer’s Market and host to a variety of community activities. As part of the area’s revitalization efforts, two ICON shelter systems have been constructed – the first in 2016 and the second in 2017.

The pavilions, built using ICON Shelters 2-tiered rectangle gable system, have ICON’s unique powder coating. This will ensure the pavilions look as good in 10 or 20 years as they do today.

“In Iowa, the outdoors can be rough on the exterior of buildings. ICON Shelter Systems offers the best, most durable finish in the industry, standing up to temperatures ranging from extremely cold to very hot,” says ABCreative consultant, Larry Rife.

The new outdoor pavilions provide shade for vendors, keeping the hot sun from spoiling products, keeping those running the stalls cooler and attracting more residents and visitors to the park.
